blachere shopping center

Notre partenariat avec KD decoration fait de nous aujourd'hui un interlocuteur incontournable de la décoration de Noël dans les centres commerciaux en Europe. Nous sommes capables d'assurer à nous seuls l'intégralité des lieux : façades, grands halls, vitrines, attractions centrales, passages, couloirs... en lumière, ou en décorations animées par des automates.

Our partnership with KD Decoratives makes us a key company in shopping center decoration in Europe. As the manufacturer, we can offer bespoke displays for facades, great halls, windows, grottos, alleys and corridors, with animated decorations (animatronics) or lights.

Studio Blachere, showroom & studio de création

*Blachere studio,
showroom & creation studio*

Le studio de création blachere illumination qui vient d'ouvrir ses portes rue notre dame de Nazareth à Paris, est un espace dédié aux illuminations professionnelles et récréatives. Un lieu où nous souhaitons accueillir les prescripteurs, fleuristes, décorateurs, directeurs artistiques des grandes enseignes et des marques afin de répondre à leurs attentes en termes de décoration lumineuse pour Noël et les grands événements de leur établissement.

L'espace Showroom présente nos gammes, classiques, intelligentes, décoratives et animées...

Un ensemble de solutions pour les décorations des vitrines, magasins, hôtels, restaurants mais aussi celles des grandes façades historiques.

The design studio set up in the Rue Notre Dame de Nazareth in Paris in September is focusing entirely on professional and recreational lighting. It's a place where we hope to welcome specifiers, florists, decorators, artistic directors from major retailers and brands so that we can give them what they need in terms of lighting-based decoration for Christmas and other major events hosted by their establishments.

Our new Showroom is showing off our classic, intelligent, decorative and animated ranges... A whole series of solutions for decorating showcases, shops, hotels and restaurants – but also for major historic façades.
